

# **RATA and Performance Test Training Workshop**

**Birmingham, Alabama - May 7, 2019**

With today's dispatching constraints, juggling RATA and performance testing may be more difficult than ever. But, ensuring the accuracy of RATA and performance test results remains critical, especially with the more stringent limits being imposed due to MACT, BACT and BART-related limits. RMB will conduct a one-day training course that will provide an overview of the RATA and performance test requirements for individuals involved with scheduling and observing the tests and reviewing the stack test reports. The training will review process checks and preparatory activities that should be done prior to the test, discuss the quality assurance requirements and responsibilities for both the testers and plant personnel participating in the tests, and highlight important details that should be addressed when reviewing and submitting the test results.

The training topics will include:

- RATA and Performance Tests Requirements
- Reference Method Procedures
- Typical Reference Method Equipment
- Pretest Preparations
- Test Crew & Plant Responsibilities
- On-site Test Activities
- Reviewing Test Results
- Test Report Submission Process

The RATA and Performance Test Training Workshop will be held at the Sheraton Birmingham Hotel on Tuesday, May 7, 2019 (8:30am - 4:00 pm) in conjunction with the EPRI CEMS User Group Meeting, which starts the following day at the nearby Birmingham-Jefferson Convention Center. The cost to attend the RATA and Performance Test Training Workshop is \$400 and includes a workshop manual, coffee breaks, and lunch. It does not include travel costs or hotel accommodations. Use the following form to register for RMB's RATA and Performance Test Training Workshop.

Go to <https://tinyurl.com/EPRICEM2019> for more information on hotel accommodations and the EPRI CEMS Users Group Meeting. Please note that the EPRI CEMS User Group Meeting and RMB's RATA and Performance Test Training Workshop are separate events.
